VOL. 10, NO. 208 MONESSEN, PA., THURSDAY, FEBRUARY 8, 1912 SIX CENTS THE WEEK

BIG MEETINGS IN OPERA HOUSE THIS EVENING

There is much effort being put forth in Monessen by every church organization to, as far as possible, or as known, alleviate any suffering or actual want among the poorer families; those who may be inconvenienced by lack of work by the head of the house, sickness in the family, etc., and much good has been accomplished.

Each church has a special committee to collect provisions, clothing, etc., and see that the wants of the poor and needy are relieved during this inclement weather, and insofar as we can ascertain, much good has been accomplished. However, as in all cities and towns, there exists much destitution that no one knows of and that possibly will never be known, as even among the supposed poorer classes there are those who from a high degree of pride and self respect choose to suffer, and do without necessary food, clothing, and even medicine for the sick, rather than let the world know of their plight until such time, as they are absolutly forced to ask for help.

One particular case comes to our notice, which would touch the heart of most any human, and there are many more to be found just like it.

An Italian laborer, of known industry and thrift, under ordinary conditions, applied for work a day or so ago, to Contractor H. D. McClain on the Dry Run road across in Washington county and on being told there was no men needed, he broke down and shed tears as a child. The contractor, who is naturally kind hearted, noted the man's sincerity and found a place and put him to work.

That same evening Mr. McClain notified the relief committee of the Presbyterian church at Monongahela. An investigation by Miss Katharine McGough disclosed the family—mother and three children—living in a small building near the hospital. No fire in the house, not a crumb in the cupboard, and the children, with no shoes, were clothed in nothing but thin aprons, and the mother's condition was just as bad. Their condition was most pitiable.

Miss McGough at once provided fuel for a comfortable fire and had a supply of goods and substantial provisions sent to the home and soon the hunger was appeased and the chilled bodies were clothed. A goodly supply of suitable clothing was procured and the family is now comfortable, and with the father working, the future looks brighter. The father is an honest, hard working man, but had been out of work some time, his savings had ran out, and honest pride had kept him from asking for aid.

MISSES STAHLNECKER ENTERTAIN FOR GUESTS

The Misses Elsie and Helen Stahlnecker of 685 McKee avenue entertained at their home Wednesday evening, in honor of their Johnstown guests, the Misses Katherine and Annie Temple, in conjunction with the membes of the Bubble club and a few of their friends. The hours were most pleasantly passed, the young hostesses looking well to their guests entertainment. Genial, whole-souled sociability, cards, games, music and mirth, supplemented by a most delightful luncheon made up the evening's pastimes, and surely all the young ladies enjoyed theselves.

MAN DIES FROM A MINE INJURY

David Roma aged 26 years died at the McKeesport hospital on Tuesday at 10 a. m. from the effects of injuries received while working in one of the River Coal Co. mine at Gallatin on Oct. 11 of last year. The man was toiling away at his work when suddenly the side wall in the mine gave way and everal ton of late came reaching down and buried him beneath the debris. He was extricated and hurriedly rushed to the McKeesport hospital. Upon examination he was found to be suffering from a broken back from which the doctors in attendance did not expect him to recover.

Weeks past and then months and still he lived until finally on Tuesday the strain proved too much for him and he succumbed to his injuries. The deceased has but one relative in this country, a brother, who also is employed at Gallatin. The funeral services will be held this afternoon at 4 o'clock in the funeral parlors of R S. Kelly and the remains will be interred at Grandview cemetery.

END IN SIGHT FOR CAROUSALS A CURB ON THE CLUB BARS IN STORE FOR MONESSEN

"To whom it concerns:—Notice is hereby given that the use of intoxicating liquors—beers, whiskey, etc., is absolutely forbidden and prohibited at all weddings, christenings, balls, dances, and public gatherings.

Any violation of this order will result in the immediate arrest and prosecution of the parties so offending."

The above reproduced in today's paper for the reason that it is one of the most important orders yet issued as a step towads a moral reform. This paper commends Burgess Reamer for his start to break up this element of disorder in the town, and we here and now declare that his attitude in this matter meets with our hearty approval, and we believe the approval of the public at large. Many times Burgess Reamer has declared that he has received no endorsement from the press of the town for moral reforms he has inaugurated, so at this early hour we pledge him the unstinted support in carrying through his administration the iron clad enforcement of his important edict.

But it should not be up to Burgess Reamer alone to see that there are no violations of this ruling. Chief of Police Wheatley, and every member of the police force have a work to do. In fact, they are the prosecuting agents of the law and they should arrest any and all offenders Wherever booze is sold for the purpose of celebrating a wedding, Christening or holding a dance the offenders should be arrested and brought before the Burgess for punishment.

This mandate, should also be applied most strenuously to brewing companies or booze agents, delivering beverages to houses where revelry is to be held. Heretofore spirits have been furnished by the wholesale for the special purpose of quenching the thirst at "social affairs" where the most elite do not congregate and many times gore has been spilled and a life snapped out. The recent murder was responsible for the sweeping edict of Burgess Reamer, and now let the people show their appreciaton for the determined start that has been made. Not only is Burgess Reamer after the illegal dispensing of liquor, but Monday morning, Judge L. W. Doty laid down some law to constables of Westmoreland county, which they must observe in the future.

Judge Doty called the attention to the numerous complaints that have reached him from all sections of the county in regard to the illegal sale of liquor by clubs, agents and others, and made the charge that some constables had failed to make a return of these violations after being furnished with the names of reliable witnesses.

Judge Doty left no room for constables to have any doubt in regard to their duty. He cited the act of assembly which requires constables to make return of all places in their bailiwicks where liquor is sold, whether the place be licensed or unlicensed, and stated that the failure to comply with this law carries with it a suspension from office and a fine not to exceed $500, together with imprisonment not to exceed two years, either or both, at the discretion of the court.

Judge Doty informed the constables that if he found any violations of the law he would take upon himself the responsibility of seeing that the offender's place is filled by some one else. He said the provisions of the law must be fully carried out.

The far reaching moral sentiment that is rife all over the country against the club room where liquor is dispensed the same as at a licensed saloon is bound to bring about a reform. Judge Doty has hit upon a popular cord and his determination to drive out these nests of vice throughout the county will bring general commendation. People everywhere were waiting for the courts to act; they looked to this high tribinal for protection from a growing evil, which is fast ruining lives and ravishing homes. In Jeannette last week there was an uprising which threatens to put out of business the many club rooms that are doing business in competition to the saloon, which is a licensed institution and which pays taxes to maintain the city. The Ministerial Association in that town is reporting the matter to Judge Doty and the constables are up against a hard proposition as it is said some of them are members of clubs that sell booze illegally. This is probably the case in many towns in the county but an officer that loiters around one of these places and fills himself with booze nights and Sunday according to Judge Doty, is not fit to fill the office and he will be removed by the court if there is no complaint from the people. It is evident that the courts of Westmoreland county have spoken in earnest and there will be no flirting with the law. It's down and out for illegal sale of booze.

MUCH WORK IS TO BE DONE IN MONESSEN

More than a hundred and fifty people were turned away last night from the evangelists meetings at the Baptist church, and the opera house will be procured as a place of meeting for tonight.

At 7 o'clock last night Rev. Eveler conducted a very good prayer meeting at the Christian church, his subject being "Personal Work."

The Gospel singer, Mr. Welch, and a large chorus opened the services at the Baptist church at 7:45 and with prayer led by Rev. Davies, pastor of the Methodist church. "He will not let me fall," was sung by Mr. Welch. An offering was lifted with willing response from the people.

When Mr. Porter arose to read the scriptures all available room, sitting or standing, was taken. John 10: 31:32 was the text and the address was interesting and pointedly clear. The address was impressive.

Jack Spade recited his story when in drunkenness and stoning Christ. "Now and for fourteen years I have served and loved Jesus instead of crucifying Him."

Mr. Welch and the large choir sang a message of Jesus. Rev. Hughes prayed and the big audience slowly went to their homes, thinking seriously.

This evening at 7 o'clock at the Christian church, Mr. Porter will lead the prayer meeting with a special subject.

Prayer meetings on First street hill, Sixth street hill and Schoonmaker avenue and the foundry were all well attended.

Mr. Porter will introduce William Butler of New Castle tonight, and a surprising message is expected from him.

Mr. Welch last night requested eighty more singers for tonight. There will be plenty of room on the opera house platform

Tomorrow, Friday neighborhood prayer meetings will be held as follows: First street hill, with Mrs. Shutterly, 120 Knox avenue, led by Rev. Wallace.

"THE YELLOW DOG."

"A yellow dog yelping at the heels of fraternal organizations, either in this town or elsewhere, will be given little consideration."

That is the "beautiful" language employed by a local writer to express his contempt for those who are pushing the campaign against the "sideboard" clubs of Monessen. In other words all you public officials of the town, all you officers of public organizations, all you business and professional men, all you church people, all you workingmen and all you women who contemplate signing a remonstrance against the granting of charters to associations that propose to open or run respectable speakeasies in Monessen, are "yellow dogs." That is the only meaning that can be taken from the paragraph.

If it be playing the part of the "yellow dog" to stand out courageously against that which is admittedly wrong, from either a moral or legal standpoint; if it be playing the part of the "yellow dog" to attempt to check the progress of a moral cancerous growth, then those who are standing out for the right may well afford to worry along under the imputation. The only pity is that the town does not contain more "yellow dogs." They would be a mighty valuable asset for the town and would clean up many a filthy place in the community.

Given more "yellow dogs," and the booze clubs that are hidden under the cloak of some otherwise respectable lodge or fraternal organization, would soon be put out of the business. And, unless signs be very misleading, the "yellow dog" in Monessen is in the ascendant, if anybody should happen to ask you.

The brute is not confined to the churches. He's a real live wire in every circle of society, and even among the membership of the lodges that have been standing for some things that do not make for the best interests of the people. Some day—and it seems to be not far distant—the dog, this "yellow dog", is going to have his day.

DISCARD THE CRUEL CLUB

A professional wrestler has been engaged to teach New York policemen to use their bare hands more and their clubs less in subduing unruly offenders. This is in line with Mayor Gaynor's idea, and a sensible one it is, that beating up people is no part of a policeman's business. Members of the metropolitan force have always been notorious for their free use of the clubs, carrying only short batons which are really badges of office and not weapons. An English Bobby is taught to handle a prisoner as he would a child. Immeasurably superior in physical strength to the majority of persons whom he is called upon to arrest, he does not find it necessary to inflict injuries on those who resist. All London policemen pass through a course of training in something like jiu jitsu, and after being admitted to the force continue to take regular exercise at the police gymnasiums. Thus they keep in condition and are ready for any emergency.

In this country it has always been remarked that the experienced and efficient police officers are the most sparing in the use of the club. The policeman who hammers a prisoner unnecessarily thereby confesses his own weakness and lack of control. To discard the club altogether would not be wise, but in all American cities and towns its use could be restricted to great advantage.

A COMMUNICATION WITH THE RIGHT RING

I feel that it is my duty to call public attention to what happened last Saturday night in my own house, about 10 o'clock at night on third street. Two foreigners began to fight, at the very moment they were seen by one of our borough police, who hastily started toward them. These fellows seeing the approaching policeman began to flee. The officer of course took for his duty to chase them, and he did until one of the refugees ran into the home of one family living right in my house, there he was followed by the officer, because he refused to go. the officer did not take him .but stepped out on the porch and waited until another officer came. While the officer was waiting the refugee started out of a window, of course the fellows in the house soon discovering that something was wrong, they seized the fleeing man and put him out of the door. These two officers not satisfied with this went right into the house and began to take all the men of the house, who were quietly with each other spending the evening after a hard-work of the previous day. This really surprised the lady of the house, and she asked the officers what was the matter, and where is the warrant to take all these fellows.

While fussing over this a third officer came who called up the "Patrol Wagon" seized all the men at the house and took them in custody. On last Monday they were fined by our honorable "Burgess," $8.70 and $6.70 each.

I believe in punishment but not punish every one alike whether he is innocent or not. Now fellow citizens, I have been living at Monessen for ten years and have seen a good many scenes of this kind, but this cannot penetrate my mind, where innocent fellows are taken and fined because a stranger ran in the house—never known and never lived there. When thinking over this something is piercing my heart. that how often innocently my people must suffer

I don't want to make any attack on our borough officers, but this only made me think where are we living? What land? Are we living among the highly civilized and liberty loving Americans or among the tyrants and despots at Russia? Do we forget that this is a land of freedom, the land of Washington, father of liberty? If we think that we are civilized let us practice our civilzation even on foreigners, and not take the foreigner for a dog when he is a human being.

We foreigners coming to this country in order that we may escape the despotism and tyrannism which is practiced upon us beyond the ocean, and not knowing we very likely fall into the same. It is rather a shame for you Americans to treat us like this.

When thirty years ago we started to come to this country you Americans welcomed us with stones. I remember this was done in the eastern part of this state. We have overcome this difficulty and I hope the time is coming when we will overcome also this kind of treatment.

While we are at the polls you are very kind to us but as soon as you are elected you turn upon us with clubs. I never knew that this kind of thing can be sustained on the land of Columbus.

Now fellow citizens, think over this a little more seriously; this is rather unproper way to educate the ignorant foreigner to behave himself as a citizen. If you would only try to teach him properly I am sure you would make a better citizens of him than any one ever lived, but not as you teach him at present. A. Koval

CAUSE FOR ALARM

Loss of Appetite or Distress a Symptom That Should not Be Disregarded

Appetite is just a natural desire for food. Loss of appetite or stomach distress after eating indicate indigestion or dyspepsia. Over eating is a habit very dangerous to a person's good general health.

It is not what you eat but what you digest and assimilate that does you good. Some of the strongest, heaviest, and healthies persons are moderate eaters.

There is nothing that will cause more trouble than a disordered stomach, and many people daily contract serious maladies simply through disregard or abuse of the stomach.

We urge all in Monessen who suffer from any stomach derangement, indigestion, or dyspepsia, whether acute or chronic, to try Rexall Dyspepsia Tablets, with the distinct understanding that we will refund their money without question or formality, if after reasonable use of this medicine, they are not perfectly satisfied with the results. We recommend them to our customers every day, and have yet to hear of any one who has not been benefitted by them. We honestly believe them to be without equal. They give very prompt relief, aiding to neutralize the gastric juices, strengthen the digestive organs, to regulate the bowels, and thus to promote perfect nutrition, and eradicate all unhealthy symptoms.

We urge you to try a 25c. box of Rexall Dyspepsia Tablets, which gives 5 days' treatment. At the end of that time, your money will be returned to you if you are not satisfied. Of course, in chronic cases length of treatment varies. For such cases, we have two larger sizes, which sell for 50c. and $1.00. Remember, you can obtain Rexall Remedies in this community only at our store—The Rexall Store. Craig's Drug Store.

Local Men Speak at Donora

The Donora Chamber of Commerce met in a regular monthly session last evening and during the progress of the meeting was addressed by C. L. Schuck and H. D. McCabe of our Board of Trade. Their talks were along the lines of the organization and were well received by a large attendance.

That the Donora people are hustling is evidenced by the fact that through the efforts of the Chamber of Commerce, the Pittsburgh Railways Co, have agreed to run two freight cars to and from the city. An appropriation is also being asked for through Congressman Charles Mathews for a Federal building.

YOUR GRAY HAIRS QUICKLY VANISH

A Harmless Remedy, Made from Garden Sage, Restores Color to Gray Hair.

A feeling of sadness accompanies the discovery of the first gray hairs, which, unfortunately, are looked upon as heralds of advancing age. Gray hairs, however, are not always an indication of advancing age, for many people have gray hairs quite early in life. Of course, it is unnatural, and indicates that there is something wrong with the individual, and that Nature needs assistance in correcting the trouble. The same is true of hair that is constantly falling out and becoming thinner every day. If everything is right with Nature, the hair, even in comparatively elderly people, should be long, thick and glossy, without even a streak of gray.

The ideal assistant to Nature in restoring and preserving the hair is Wyeth's Sage and Sulphur Hair Remedy, a clean and wholesome dressing for daily use. It not only removes dandruff, but strengthens weak, thin and falling hair and promotes its growth. A few applications will restore faded or gray hair to its natural color.

Get a bottle to-day, and let it do for you what it has done for thousands of others.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists.

Laura Davis is on the boards to sing some of the late popular airs and the bill is completed by Frank Fairchilds and Co. in a side splitting comedy act.
